

10,243,418 DOSES
Administered as of April 20, 2021

12,670,210 DOSES
Delivered as of April 20, 2021

24.49%
of the **Canadian population** has
received at least 1 dose

In total, **12,670,210** doses of COVID-19 vaccines (including Moderna, Pfizer-BioNTech and AstraZeneca) have been delivered to the provinces for administration. As of April 20th, **80.8% of doses delivered to the provinces have been administered.**

The Pfizer-BioNTech, Moderna and AstraZeneca vaccines require two doses, a number of weeks apart, for full efficacy. Consequently, we report both the total number of doses administered, and the total number of Canadians who have been fully vaccinated. As of April 20th, more than **9,310,392 Canadians have received at least one dose** of an approved COVID-19 vaccine. **933,026 Canadians are fully vaccinated** against COVID-19, having received both required doses.
