Doses administered as of
July 12, 2021

50,491,050

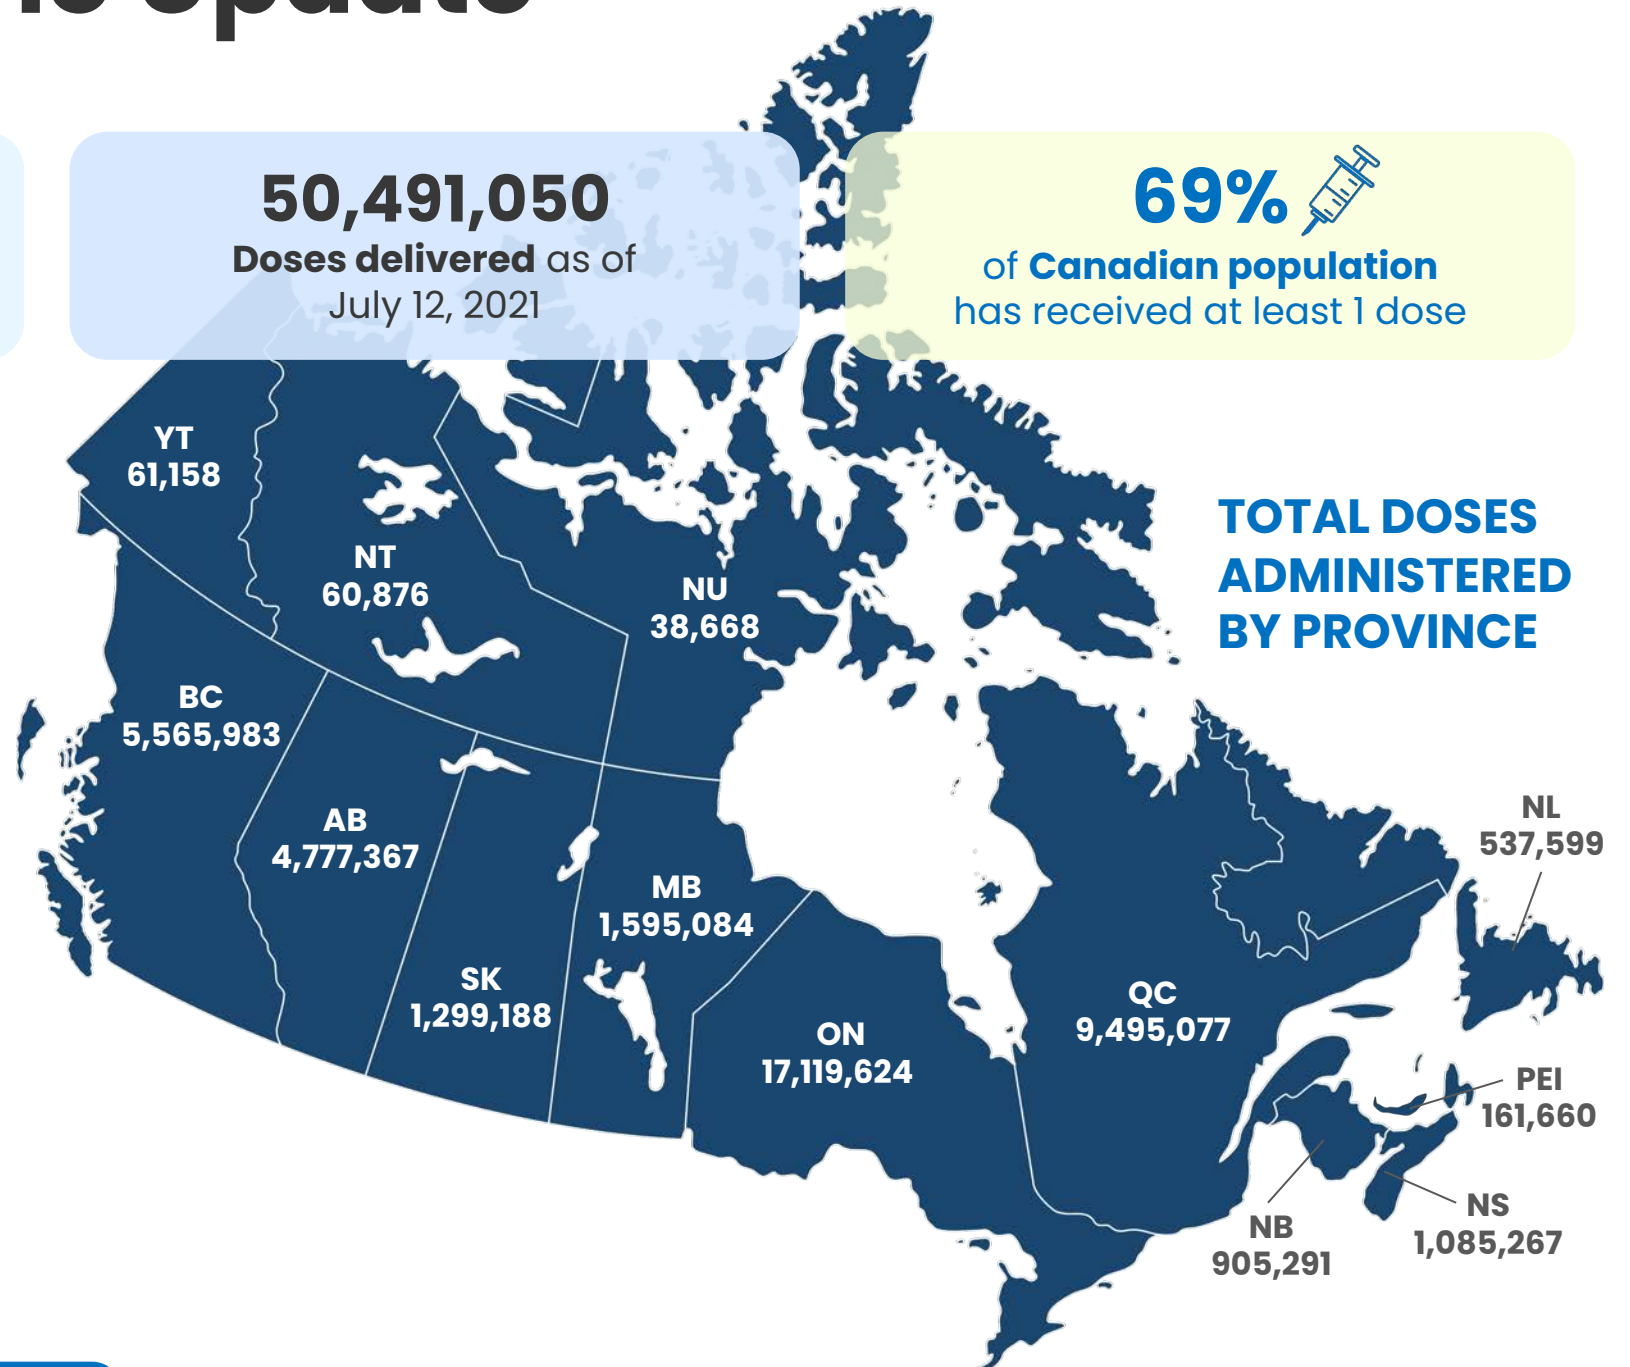

Doses delivered as of
July 12, 2021

69% 

of **Canadian population**
has received at least 1 dose

In total, **50,491,050 doses** of COVID-19 vaccines (including Moderna, Pfizer-BioNTech and AstraZeneca) have been delivered to the provinces for administration. As of July 12, **84.6% of doses delivered to the provinces have been administered.**

The Pfizer-BioNTech, Moderna and AstraZeneca vaccines require two doses, a number of weeks apart, for full efficacy. Consequently, we report both the total number of doses administered, and the total number of Canadians who have been fully vaccinated. As of July 12, **more than 26,225,288 Canadians have received at least one dose** of an approved COVID-19 vaccine. **16,477,554 Canadians are fully vaccinated** against COVID-19, having received both required doses.
